Subject: RE: Discussion with DNR about the Tower LUST site

Kristen,

Thank you for the report. Would it be OK for me to send the report to DNR? They would find it useful.

Thank you for the offer to bring files to the DNR office. I believe that the meeting will actually be a conference call because the Northern Region covers such a large area of the state and I think the committee members are from several offices.

I will give you a call after our discussion and give you an update.

Regards,

Bob

Subject: FW: Discussion with DNR about the Tower LUST site

Good Morning Mr. Egan,

Attached is the summary report from December's sampling efforts at the Haskell Lake Site.

We are close to the Northern Region office and can be present with area file materials. Just let us know how best to proceed.

Kristen

Subject: Discussion with DNR about the Tower LUST site

Hi Kristen,

My boss Sherry Kamke and I will be having a discussion with the WDNR Northern Region Closure Committee about the Haskell Lake LUST sites tomorrow morning. They will be considering the information available to make a decision about their ability to reopen one or more of the LUST sites at that location.

I will let you know what, if any, conclusions are reached and what the next steps will be, including a discussion with you and the Tribal Environmental Department.

Regards,

Bob
